

After noticing Comet Hyakutaki originate in Sagittarius and then Comet Hale Bopp originate in Capricorn I asked Abba for a third Comet to originate in Aquarius (August of 1997) making all three equidistant from each other specifically to prove they were a Sign of the Rapture. I also asked Him to have it pass in or near Perseus in the Spring which it did.

Hyakutaki (1996) and Hale Bopp (1997) both were at Al Ghol April 10th of their respective year which this year just happens to correspond with the cursing of the Fig Tree on both Jewish and Anglican Calendars (Orthodox will be a week late) and typifies the cursing of the Wild Fig Tree of America and is probably when the Mustard Seed will be taken.

My Comet was in the Pleiades on May 11th, 1998 just below the winged feet of Perseus and exactly seven years later to the day Y'shua told me I was His Son.

It was in the belt of Orion on May 23-24 looking exactly like his drawn sword and exactly three years later to the day Theoferrum Crucibulum occurred when I joined Him on the Cross in the Spirit in fulfillment of Isaiah 53:10 (*If you make His Soul an offering for sin He will see His Seed*).

These two dates will bear watching this year as something significant will no doubt occur.

On June 1st, 1998 Anno Domini my Comet suddenly brightened for a while and then by June 6th it faded from view and this year it corresponds perfectly with Pentecost on the Jewish and Anglican Calendars and I strongly expect the Pretribulational Rapture to occur then.

Participation in that event is, of course, by Invitation Only...
